MISSING TULSA AUTO FOUND AT DRUMRIGHT

The automobile stolen from F.D. Bruton in this city last Thursday, was recovered at Drumright Saturday, according to a report received by Sheriff James Woolley, and the two men in possession of the car, M. L. Thompson and Blue George, are held awaiting the arrival of W. T. Beasley, Tulsa county deputy sheriff.

NO FEAR FOR TRANSPORT.

NEW YORK, April 26.—Army debarcation authorities here said today they felt no apprehension regarding the steamship Santa Clara en route from Bordeaux with 1,829 troops and two days overdue at this port. It was explained that rough weather was being encountered by incoming transports and that such conditions not infrequently delay ships as long as 16 days. The Santa Clara's troops include the 15th engineers complete, detachments of the 14th and 145th machine gun battalions and casuals.

Essential Aids to the Toilette

The spring months are apt to make big inroads into milady's supply of toilet articles. If she will just remember that here we have in stock everything for the toilet table to aid health, beauty and comfort, she will save herself many vexatious moments when the supply needs to be replenished. We carry only articles of standard quality and known merit, priced very reasonably.

Three Times Last Week the Spirit of Tulsa Was Demonstrated—By a Bank, a Strike and a Road Contract

There have been three important outstanding events in Tulsa in the past week which emphasize the real Tulsa spirit, said Secretary Douglas in his weekly talk to newspaper men.

The first of these was the banquet of the bankers Saturday night, April 19, at Hotel Tulsa, at which time about 175 prominent financiers assembled to do honor to the officers of the First National bank.

The event being staged to celebrate the removal of the First National bank to its magnificent new ten-story home on the corner of Fourth and Main.

During the course of the evening, representatives of every financial institution in Tulsa stood on their feet in the presence of the assembled financiers and have expressed their appreciation of the wonderful progress and development made by the First National bank during its business career in this city.

Without exception and with no note of envy, petty jealousy or small town competition, representatives of each city bank warmly congratulated Grant H. McCullough and the other officers of the First National bank and wished for their continued prosperity, continued growth and continued expansion in their new home.

The meeting was truly characteristic of the real Tulsa spirit and emphasized the team work which has been the Tulsa of today, a possibility.

A Million for Roads.

On Tuesday, April 23, the board of county commissioners, acting with a special conference committee of the Tulsa chamber of commerce, awarded contracts for 41 miles of hard surfaced roads in Tulsa county in an amount in excess of \$1,000,000.

The contract being let to three different contracting firms, the work to begin immediately. Previous to this letting the same authorities had contracted for \$186,000 worth of concrete roads, both contracts being a portion of the expenditure of \$1,750,000 to be made for highways in Tulsa county.

In various portions of the state the history of the good roads movement has been the attempt to let contracts has been followed by injunction proceedings, special grand juries or threats of grand juries, cries of fraud, graft, newspaper controversies, personal encounters and everything else except the construction of good roads.

Jury Awards Lawyers \$1,000 Fee.

A verdict awarding the plaintiff judgment in the sum of \$1,000 and interest from June 1, 1918, was returned in the suit of the law firm of Abbey & Tucker against John M. Dietrick in district court Saturday.

The plaintiffs sought to obtain through the court the sum of \$1,500 claimed to be due for legal services rendered to the defendant. The defendant admitted the services, but denied that the compensation asked was within reason.

Mayor Hubbard Favors EMPLOYMENT SUNDAY PLAN

Mayor C. H. Hubbard announced Saturday afternoon that it is his intention to concur with the plans of Secretary of Labor Wilson in proclaiming Sunday, May 4, "Employment Sunday," when the official notification of this arrangement is received in Tulsa.

A dispatch received by The World from Washington Friday, contained the information that Secretary Wilson had on that day sent letters to Governor Robertson and Mayor Hubbard asking recognition of "Employment Sunday." The day will be recognized in honor of the services rendered by the United States Employment bureau to returning soldiers.

DRIVER OF SCHOOL BUS FREED FOR WHIPPING BOY

J. L. Forbes, driver of a bus carrying children to and from the Red Fork school, was acquitted of the charge of assault and battery upon the person of Hoyer Padgett, a 10-year-old school boy, in the court of Justice E. C. Maxey at the trial Saturday afternoon.

Forbes admitted thrashing the boy on two occasions, but explained to the court that the boy fought with several school children in the bus while on the way to school, and that after he had given the boy a whipping for the offense, the latter continued to follow the bus for half a mile, throwing stones at the wagon.

FUNERAL OF PTOMAIN VICTIMS.

Funeral services for Virginia and Janita Davis, who died of ptomaine poisoning on April 23, will be held today at 3 o'clock in the Mowbray chapel. The interment will be in Oaklawn.

THE STREET CAR STRIKE.

Another illustration of Tulsa's method of doing things was furnished in the recent street car strike in this city. Ordinarily the street car strike is attended by acts of violence, injuries to the strikers, to the strike breakers and to innocent bystanders; the warring of cars; mob violence; pitched battles between peace authorities and the strikers and a reign of terror usually follows wherever a street car strike is staged.

Tulsa's strike was handled in a totally different manner. There were no riots, no calls for militia, no extra police protection, no injuries to anyone, no accidents, no looting, no I. W. W. on the streets, no levelheaded representatives of the employees of the company met the officers of the company in a quiet conference in the mayor's office and within three hours after the meeting the strike was settled and the street car service resumed. It is distinctly to the credit of the employees of the company that they conducted their strike in the manner in which they did, and it is indeed complimentary to the city that the whole proposition was handled along conservative lines with the good judgment, instead of of the passions of the men governing the mass involved.

It is not often that in any city three such outstanding events as these will occur within a short week, to emphasize the dominating characteristics of that city, and it is well worth while calling the attention of the public to each of these instances in order that the real Tulsa spirit may be better understood and better appreciated.

SOUTH BOULDER SITE FOR TRINITY CHURCH

New Episcopal Edifice Will Be Erected at Thirteenth Street in Neighborhood of Churches.

Boulder avenue, the boulevard of churches in Tulsa, yesterday made the acquisition of another place of worship when a site was selected for the new \$150,000 Trinity Episcopal church at the southwest corner of Thirteenth street and Boulder avenue.

Within five blocks of this site are five of the largest churches in the city and two synagogues, and the most of them are on Boulder avenue. The site selected for Trinity church is two blocks south of the ground recently purchased for the new First Methodist church and is only five blocks from the Holy Family Catholic church.

Few cities in the country have so many fine churches assembled in so small a district. Nearly \$1,000,000 will be invested in church property when the new churches are completed. The site selected for the Trinity church has 100 feet front on Boulder and a south and east exposure. The corner is now occupied by two residences, one of the being the home of H. W. Anders, of 1235 South Boulder. The two lots are high and have a splendid outlook.

The Rev. C. V. Kling, rector of Trinity church, stated yesterday that the plans for the new building had not yet been completed and it had not been determined when building operations would begin, but it is understood that the parishioners hope to have the new church completed before the end of the year.

Young Women Did You Ever Go to School, and Receive a Salary for It?

That is where our school differs from all others, and it is equipped with all modern facilities and we have eleven specially trained instructresses.

Our operating rooms are large and well furnished and well ventilated; the work is congenial; our employees work eight hours per day and six days per week.

Besides a comfortable Rest Room we operate a Cafeteria where meals are served at cost to the women employees at all hours.

If you are interested in securing a congenial position and salary, apply to the School Principal, room 205 Calumet Building.
